Outdoor Range: 12500 E. Bellview 693-1765

The December general meeting is one of the most important meetings of the entire year. This is the meeting when you, the membership, can elect the club members that you wish to serve for the coming year. This election meeting will be on Friday evening, December 9th, at 7:30 PM at the club house. The nominating committee has come up with the following slate of nominees:

Ted Bateman —	Dick Bower —	Bruce Clark —
Dick Cochran —	Allen Deems —	Tom DeHerrera —
John Denap —	Joe Edwards —	Howard Glasier —
Joe Marosy —	Charles Peacock —	Ross Ryan —
Jim Schwartz —	Cliff Teeters —	Charles Towne —
Ted Zimmerman —		

Additional nominees will be accepted from the floor during the Meeting. The club by-laws do not allow proxy votes nor absentee ballots. The vote will be by secret ballot by those members in good standing who attend the December meeting. An attendance of 20 members are required to hold a valid election.

In addition to the election of the 1989 club directors, Carl Newton of the BATF will talk on the regulations that concern those of us who use and transport firearms. I am sure that Mr. Newton will answer any questions which you may have concerning the BATF.

The next bowling pin shoot is scheduled for December 10th at the indoor range. We are still looking for more member participation.

Due to a conflict with a scheduled pistol match, there will be no work party for the month of December.

The first meeting of the 1989 board of directors will be on December 30th at 7:30 PM at the club house. This is the meeting when the board elects the officers for 1989. If you are on the ballot and miss the general meeting and this first board meeting, there is no telling what job you may be elected to for 1989.

Howard Glasier has found a source where school type lockers similar to the ones in the "pop" room at the indoor range may be purchased. If you want a locker at the indoor range, contact Howard on 755-0492 to commit to a locker. There is room in the "pop" room at the indoor range for only eight more lockers.

The NRA has notified me that there is a new target for international air pistol and international rapid fire pistol effective January 1, 1989. If you need more information on this, please call me.

The Pistol Winter League managers find it necessary to set up the range late on Sunday evening. Those shooting points effected are 6 through 10 in the east bay and the entire west bay. This leaves shooting points 1 through 5 open for member shooting from late Sunday evening until 5:00 PM Monday when the league starts. If you find that this is insufficient space for your use, please feel free to use what has been put up or take it down. Regardless, do not take it home with you as it is required for use during the Winter League. If you take it down, please place it in the control room (where the phone is) so that it can be replaced prior to the start of the Winter League on Monday evening. An orderly start to the Winter League shooting depends on you to follow this request.

The 1989 shooting tournament dates for 1989 should be available and printed in the next newsletter.
