Some one is committing a cardinal sin as far as shooting is concerned! That is, someone is drinking and presumably shooting as evidenced by the beer cans found in the trash. This is never allowed. In fact, alcoholic beverages are not allowed on club property. If anyone is found violating this rule, they will be discharged from the club! No second chance!

The club has been experiencing a very high use of electrical power to the point that on one occasion, the club paid over \$400 for one month's usage. It is very important that users of the indoor range do not turn on more lights than are needed for their activities, especially the target lights. If you are shooting at 25 yards, you do not need the 50 foot lights on. If there is only one, two, or three shooters on the line, only the east side of the east bay need be lighted.

The next board meeting will be on October 27th at the club house.
