

DECEMBER 1989

Firing Line

Editor: Chuck Towne 6824 So. Lakeview St.
Littleton 80120 795-3293
Indoor Range: 1310 So. Clinton 750-4462
Outdoor Range: 12500 E. Bellview 693-1765

The December general meeting will be Friday evening, December 8th, at 7:30 PM at the club house. This meeting is one of the most important of the year. This is the meeting when you, the membership, can elect the club members that you wish to serve you on the board of directors in the coming year. The members nominated by the nominating committee to serve you in 1990 are:

Walt Balcer
Jim Brenna
Tom DeHerrera
Joe Marosy
Ross Ryan
Ted Zimmerman

Ted Bateman
Fred Crowle
Joe Edwards
Bob Mitchell
Tom Thrush

Dick Bower
Allen Deems
Howard Glasier
Charles Peacock
Charles Towne

Additional nominations will be accepted from the floor during the elections. The vote will be by secret ballot by those members in good standing who attend the December meeting. An attendance of 20 members is required to hold a valid election.

There will be no work party for the month of December.

The outdoor range is closed for the season and will open again next March.

The indoor range is for the safe use and enjoyment of members and guests. In order to maintain our level of safety and quality, certain limitations must apply. Only 22 rimfire (but not 22 magnum) rifles are allowed on the range proper. The rifle tube is available for center fire, 22 magnum rifles, and those handguns of sufficient power and accuracy. Experience has shown that any handgun bullet, regardless of caliber, whether commercial or handload, will damage the backstop when the velocity is high enough. Just where this velocity level occurs is unclear. When this velocity is reached, lead and soft point bullets are the more destructive. A magnum backstop plate has been provided and has been adequate for most use. However, it has been damaged by some loads of unknown origin. Therefore, a test plate has been provided to help shooters determine if their handgun load can be used without damage to the backstop. If any doubt exists, please fire on the test plate and check for cratering before firing on the backstop plate.

The next board meeting will be on December 29th at the club house.
