MEMBER RESPONSIBILITIES: **THINK SAFETY**

A member is responsible for his or her actions and those of his or her guests. Any member observing a violation shall attempt to correct the situation. If unsuccessful, an officer of the club should be contacted. A list of BOD members is posted by the phone. Any damage noted by a member should be reported to a Club officer or be noted in the log book provided in the control room.

We are an NRA Club. Did you know that you can renew your NRA membership through the club? Currently, the NRA is offering \$10 off the one-year membership price for anyone joining through the CCGC website link. The link to the NRA membership site is on the CCGC home page, <http://www.cherrycreekgunclub.org>

Thoughtfulness for Handicapped Members and Guests: Please do not place chairs, trash barrels and other items which would effectively block the wheelchair ramp on the west range. It was painted red by Clerk Calve and should be visible to all. There should be nothing within about 4 feet from the end of that ramp. Thank you for your consideration.

Housekeeping

Don't cover anything with your muzzle that you are not willing to destroy. The other day, the fellow who covered me with his muzzle told me it was okay because he knew his gun was empty..... Keep your shots south of the red steel. If something is out of place, put it where it belongs. If something is broken and you can repair it, please do so. If not, please write the problem on the white board at the northeast corner of the east range. If you shoot, pick up your brass and sweep up your chaff. If you spill your soft drink wipe it up. Don't spit in trash barrels. In other words, be a good citizen of the club's community. Thank You!

WORK PARTIES:

Effective immediately, there will be no general monthly work parties. If you are interested in working off your work bond, please contact Clark Calve for dates of specific projects.

FOLLOW SAFE FIREARMS HANDLING PRACTICES AT ALL TIMES:

- 1. ALWAYS KEEP THE MUZZLE IN A SAFE DIRECTION**
- 2. ALWAYS KEEP YOUR FINGER OFF THE TRIGGER UNTIL READY TO FIRE**
- 3. ALWAYS KEEP YOUR FIREARM UNLOADED UNTIL READY TO USE**
- 4. TREAT ALL FIREARMS AS IF THEY ARE LOADED**

The range continues to suffer much damage from irresponsibly fired rounds.

This can be easily corrected if each person would correctly align their targets. The object is to keep the bullet parallel to the floor. Remember the NRA safety rule about **KNOW YOUR TARGET AND WHAT IS BEYOND IT ?** Take a look at the cartoon chart on both doors to the east range and make a mental note. They describe the principle.
